311 FAMILIES, 311 REASONS TO CELEBRATE!

27 October 2026 | Regorogile Extension 8, Thabazimbi

The dreams of homeownership became a reality for more than 300 families in Regorogile Extension 8, Thabazimbi, on 27 October 2026, as beneficiaries officially received title deeds to their homes.

The MEC for Cooperative Governance, Human Settlements and Traditional Affairs (CoGHSTA), Mr Pule Shayi, joined the Minister of Human Settlements, Ms Thembi Simelane, in handing over the title deeds to the delighted beneficiaries.

The handover represents another significant milestone in government's commitment to restoring dignity, strengthening security of tenure and empowering communities through homeownership.

For the beneficiaries, a title deed represents far more than a legal document. It is a symbol of security, stability and belonging, providing families with proof of ownership and an asset that can be safeguarded for future generations.

Each title deed handed over marks a new chapter in a family's journey, turning the dream of owning a home into a lasting reality.

311 families. 311 dreams fulfilled. A stronger foundation for future generations.
