13 YEARS OF STRUGGLE TO RECEIVE DISABILITY GRANT

Community Development Worker Rasekgothoma Maile Bethuel met Miss Mathebula Zondiwe Clarah, a single mother in a family of six living with disability. Miss Mathebula applied for a disability grant in 2004 and it was unsuccessful.

On the 02nd of May 2017, the matter was at the hand of Community Development Worker, and it was resolved in August 2017, after she tried for the past 13 years without success. She is currently receiving the temporary disability grant since August 2017 and it will end in February 2019 for review, because her Doctor indicated that Miss Mathebula's disability is not permanent.

The situation changed her home as she is a single parent, she used her first payout to improve her living conditions. She confirmed how she suffered and that the Community Development Worker came to her rescue. "I thank Bethuel for assisting, after 13 years of struggle to receive a disability grant".
